An initial fee of $26.00 (includes a one-time registration fee and the yearly fee) is required for inclusion on the waiting list. You will be billed each year on the anniversary of your sign-up. The yearly fee is $10.00. Failure to pay the yearly fee within sixty (60) days of its due date will result in removal of your name from the waiting list. You are responsible to keep the Monterey Harbor office informed, in writing, of your current contact information: email, address, and phone.

The waiting list is organized chronologically. It is further divided chronologically into separate lists representing different berth sizes. You have the right to move from list to list, based on chronological order.

Waiting list applications may not be transferred to other individuals, businesses, or legal entities, nor can other names be added to the application. Spouses are automatically considered co-applicants.

Membership in the Monterey waiting list system allows you to use your date to apply for any facility operated through the waiting list system, including east moorings, outer hard moorings, or moorage that may be developed by the City.

You may only pass once on a berth offering. If you decline a second berth offering you will be transferred to a "standby" list, which preserves your original application date while setting aside your active status until such time as you direct the Harbor staff to again place your name on the regular waiting list for a specific berth size.

You will be notified by mail when your name is near the top of the wait list for the berth size indicated on your wait list application. A response to this letter with your intention to accept or pass on an offer is required within 30 days. If no response is received, your name will be moved to the standby wait list.

Your waiting list application will only provide one berth. However, after you have a berth your name can remain on the wait list if you have future plans for a larger or smaller vessel. Effective July 1, 1997, recreational boaters may not acquire more than one berth; therefore, in accepting a different sized berth, the original berth must be released to the City.

If you sell your vessel and transfer your berth, your waiting list account will be voided.

I have read and understand the above procedures.
