

CONTAINER BEST PRACTICES & CITY CODE REQUIREMENTS

It is important to store your solid waste properly, as overflowing containers can lead to water contamination, litter and vector issues. **Lids must be closed**, but not tied down. **Do not overfill containers.**

Monterey City Code requires commercial containers to:

- Not be stored on any public right-of-way or property
- Be screened from public view
- Be returned to their stored location within two hours of pickup
- Contain all waste generated by the business and not be overflowing

For more information on waste disposal in Monterey, visit:

SB 1383: CA'S SHORT-LIVED CLIMATE POLLUTANT REDUCTION STRATEGY

SB 1383 and Monterey City Code (Chapter 14) require businesses to either:

- Subscribe to and participate in organics curbside collection service
- Self-haul organic waste on a weekly basis in compliance with Monterey City Code requirements

Self-haulers for businesses and multifamily complexes with 5+ units are required to maintain records of the amount of organic waste delivered to each facility or activity that recovers it. Records are subject to inspection.

MONTEREY CITY DISPOSAL SERVICE

Information for Businesses

MONTEREY COMMERCIAL RECYCLING GUIDE

Trash

Non-divertible or non-recyclable material, bagged animal waste, vacuum dust, and cold ashes.

Household Hazardous Waste (HHW) & Electronic Waste

Never put these items in these carts!

HHW can be taken to the ReGen Monterey at
14201 Del Monte Boulevard, Marina, CA 93933
(831) 384-5313 regenmonterey.org

Mixed Recycling

Void of all food, clean and dry!

Please do not bag mixed recycling.

Exception: Shredded paper may be placed in a clear plastic bag.

Paper & Cardboard

Flattened cardboard, newspaper, magazines, paper packaging, phone books, books, office paper, junk mail, and shredded paper in clear bags.

Plastic Containers

Bottles/containers numbered 1, 2, 4, 5 & 7. Rigid plastics such as buckets, crates, plastic plant pots, etc.

Glass

Glass bottles, jars and containers with lids removed.

Tin & Aluminum

Tin/steel cans and lids, soda cans, clean aluminum foil, and empty aerosol cans.

Questions?

Call MCDS or download the What Goes Where app! See other side for details.
