Owner: \_\_\_\_\_ Telephone: \_\_\_\_\_

Address: \_\_\_\_\_

Gross building area \_\_\_\_\_ Sq.Ft. Designated storage area \_\_\_\_\_ Sq.Ft.

Will this storage area be accessible to the public? [ ] Yes [ ] No

Monterey Fire Departments review of this project or building use indicates there is the potential for it to be used for high-piled combustibile storage as defined by the Uniform Fire Code. If this is the case, special fire protection features may be required above and beyond those specified in the regular building permit plan review.

Please check the appropriate box below, sign, and return this form to the Monterey Fire Department at the address listed above. If you have questions, please contact us at 831-646-3900. If additional fire protection features are required, you will be notified.

- [ ] This building **will not** be used for high-piled combustibile storage as defined by the Uniform Fire Code:
- Storage in piles or on pallets, shelves or racks where the commodity exceeds (12) feet in height, or,
  - Tires, Group A plastics, flammable liquids, idle pallets, or similar high hazard commodities stacked or stored more than six (6) feet above the floor.

- [ ] This building **will** be used for high-piled combustibile storage, and will be designed to conform to the Uniform Fire Code requirements. (**NOTE:** If you check this box, the fire department will ask you to provide additional information on the material(s) stored and the method(s) in which they are stored.)

An overall plan layout of storage showing side view and end view along with flue spacing between piled or rack storage, aisle spacing.

- [ ] This building has not identified tenant at this time. I will notify the tenant there may be special fire department requirements for high-piled combustibile storage, and the tenant will be advised to contact the fire department prior to occupancy.
