

## **2023 CAMP QUIEN SABE WORK EXPERIENCE (WE) CAMP**

Dear Parent:

Since your child is registered for Camp Quien Sabe, we feel some background information on the camp will be of interest to you. There will be about 20 camp staff members and 60 campers in camp each week. Campers will ride on a bus to Camp Quien Sabe, which is located at the Toro Regional Park Youth Overnight Area. Camp Quien Sabe is over 70 years old. Over the years, it has become a tradition in many families. Camp Quien Sabe is fun, safe and above all else, devoted to seeing that area children have the best week(s) of their summer.

**All campers participating, regardless of where they live, must ride to and from camp on the bus on Mondays and Fridays. Campers need to be delivered by a family member or guardian to the drop-off point on Monday morning and picked up there on Friday afternoon. CAMPERS NEED TO BE CHECKED IN BY AN ADULT ON MONDAY AND SIGNED OUT BY AN ADULT ON FRIDAY.**

The camp is on an oak-studded knoll above the main park area at Toro Regional Park. The area is spacious and is completely separate and away from the day use facilities at Toro Park. The camp is equipped with modern kitchen and restroom facilities and a swimming pool. Canoeing can be done on the lake. Campers will sleep out-of-doors in sleeping bags under the stars. The program has full-time, understanding, and experienced staff.

The Work Experience (WE) program is designed to combine a worthwhile work experience opportunity, a good camping recreation program, and a social skills program appropriate to the needs of today's teens. The young people in this program will spend about two hours each day working in Toro Regional Park doing needed maintenance work under the supervision of a counselor. For their services, they will be given a letter of commendation that might be of value in acquiring later employment. At the same time, the WE Campers can feel good about devoting some of their time assisting the busy park staff during its busiest season.

All work details have been carefully thought out by the camp directors in terms of effort required and appropriateness for young people. The rest of the day is devoted to camp activities which include hiking, swimming, boating, camp skills, and much more. It cannot be said that this is a camp of all work and no fun. The program stresses development of social skills as well as work skills.

**On the Monday of camp, your teen should be at the City parking lot next to the Vasquez Adobe at 546 Dutra Street, Monterey, (behind Colton Hall) by 8:00 a.m. YOUR CAMPER MUST ARRIVE IN CLOSED-TOED SHOES AND LONG PANTS. Your vehicle will be directed to an unloading area, unloaded, then we will ask you to park your vehicle away from the area and return on foot to check in. All WE's must be checked in by an adult. We may need to ask you last-minute questions. The bus will leave at 8:30 a.m. You may bring your camper in as early as 7:45 a.m. The bus will return to Monterey at about 3:00 p.m. on Friday. ADDED NOTE: ON FRIDAY, PLEASE DO NOT PICK UP YOUR CAMPER'S GEAR FROM THE LAWN AREA. PLEASE LEAVE THAT TASK TO YOUR CAMPER.**

On the reverse side of this sheet is a list of equipment needed for a week at camp. **Please put the camper's name on EVERYTHING.** It makes it much easier for us to get lost things back to you when names are on items.

**If your child is bringing any special medication to camp, please send medication in the original package or bottle with specific directions for administration and dosage. Please do not pack over the counter or prescription medication in your child's suitcase. Please give medication to Director(s) when checking in your camper on Monday morning. Contact Camp Directors to discuss any issues. In the event of an emergency, we shall attempt to contact you (or people listed) immediately to notify you of our actions. In the case of medical care, we shall attempt calling you from camp. If necessary, we shall transport your child to a mutually agreed upon location or, if need be, to the nearest emergency room where your child's doctor will be contacted and emergency care will be given. If your child requires emergency medication such as an asthma inhaler or epinephrine to accompany him or her, please complete the Authorization for Emergency Medication located at [monterey.org/rec](http://monterey.org/rec).**

**For the safety of your child and the environment, your child's belongings will be subject to a search by camp staff for any illegal drugs, alcohol, tobacco products, fireworks, weapons, food, or cell phones. These items will be confiscated by staff and parents/guardians will be notified. Campers may be required to leave camp if any of these items are found in their possession.**

If it rains (and it has done that several times in the past) do not worry. We are equipped to deal with rain. We sometimes get damp, but never cold, and our campers tell us that our weeks with rain have often been the weeks of most fun. The staff becomes very inventive during rain. We will call you if we have any issues. Rain has never shut us down.

### **CAMP QUIEN SABE VISITATION POLICY**

Interested parents are invited to bring their families and prospective campers to Camp Quien Sabe during a week **prior to** their camper(s) attending camp. Visitors will be shown around the camp and the program will be explained. This visit is a good way to acquaint your camper with the program and to develop comfort with the idea of being away from home.

It is our recommendation that personal visits not be planned during the time your camper is attending camp due to the shortness of time away from home. Family visits occasionally result in homesickness in your child and others, even with teens. On this same premise, we do not recommend sending letters to campers. We will contact you if your camper is inordinately homesick or troubled. We want your camper to enjoy his/her experience. Be assured, we will contact you if there are issues. The campers are not able to use the camp telephone to call home or receive calls except in an emergency. Again, we will confiscate cell phones.

Families wishing to make arrangements for a visitation may do so by calling the Monterey Recreation at (831) 646-3866 or email: [montereyrecreation@monterey.org](mailto:montereyrecreation@monterey.org). Parents wishing to make arrangements for visitations different than those above should contact the Camp Directors through Monterey Recreation.
