RECITALS:

- A. The Federal Clean Water Act (CWA) requires certain municipalities and industrial facilities to obtain a National Pollutant Discharge Elimination System (NPDES) permit for the discharge of storm water to navigable water. NPDES permits are also required for any storm water discharge which the Federal Environmental Protection Agency (EPA) or a state has determined contributes to a violation of a water quality standard, or is a significant contributor of pollutants to surface waters.
- B. The CWA further required EPA to promulgate regulations for initial NPDES permit applications for storm water discharges. The EPA promulgated such regulations in November 1990
- C. The EPA has delegated authority to the California State Water Resources Control Board (SWRCB) to administer the NPDES permit process within California and, in turn, the SWRCB has delegated authority to the California Regional Quality Control Board – Central Coastal Basin (RWQCB-CCB) to administer the NPDES permit process within its region.
- D. Pursuant to the CWA and EPA regulations, the RWQCB-CCB is expected to adopt orders further defining the program that the PARTIES are to develop and implement.
- E. In and for the mutual interest of the PERMITTEES, the PERMITTEES wish to develop and

implement the Program by entering into this Agreement for the purpose of cooperating to efficiently and economically comply with NPDES requirements.

NOW, THEREFORE, THE PARTIES HERETO FURTHER AGREE, AS FOLLOWS:

Section 1. Monterey Regional Storm Water Pollution Prevention Program

- 1.01. The Monterey Regional Storm Water Pollution Prevention Program ("Program") is intended to fulfill certain obligations of the PERMITTEES with regard to EPA's Phase 2 Storm Water NPDES requirements. - 5.02 This Agreement does not restrict the PERMITTEES from the ability to individually (or collectively) request NPDES Permit modifications and/or initiate NPDES Permit appeals for permit provisions to the extent that a provision affects an individual party (or group of PERMITTEES); however, any such PERMITTEE (or PERMITTEES) shall provide a minimum of 30-days written advance notice of their action to the other PARTIES and allow them to comment upon or join in their action before proceeding.

Section 6. Term of Agreement

- 6.01 The term of this Agreement shall commence on the date the last duly authorized representative of the PARTIES executes it.
- 6.02 This Agreement shall terminate upon the expiration of the first NPDES Phase 2 storm water permit that is issued to the PERMITTEES, unless this term is extended by the PARTIES.
- 6.03 Any PARTY may terminate its participation in this Agreement by giving the Management Committee at least a thirty (30) day written notice. If a PERMITTEE terminates its participation, the terminating PERMITTEE will bear the full responsibility for its compliance with the NPDES Permit commencing on the date it terminates its participation, including its compliance with both Community-Specific and Program-wide responsibilities. Unless the termination is scheduled to be effective at the close of the fiscal year in which the notice is given, termination shall constitute forfeiture of all of the terminating PERMITTEE'S share of the Program Budget, for the fiscal year in which the termination occurred (both paid and obligated, but unpaid, amounts). In addition, unless notice of termination is provided at least ninety (90) days prior to the date established by the Management Committee for approval of the budget for the succeeding fiscal year, termination shall constitute forfeiture of all of the terminating PERMITTEE'S share of any unexpended, unencumbered funds remaining from all previous fiscal years. The cost allocations for the remaining PERMITTEES may be recalculated for the following fiscal year by the PARTIES without the withdrawing PERMITTEE'S participation.

Section 7. General Provisions

- 7.03 This Agreement may be executed and delivered in any number of copies ("counterpart") by the PARTIES, including by means of facsimile. When each PARTY has signed and delivered at least one (1) counterpart to the Program Manager, each counterpart shall be deemed an original and, taken together, shall constitute one and the same Agreement, which shall be binding and effective as to the PARTIES hereto.
- 7.04 No PARTY shall, by entering into this Agreement, participating in the Management Committee, or agreeing to serve as Program Manager, and/or Program Attorney, assume or be deemed to assume responsibility for any other PARTY in complying with the requirements of the NPDES Permit. This Agreement is intended solely for the convenience and benefit of the PARTIES

hereto and shall not be deemed to be for the benefit of any third party and may not be enforced by any third party, including, but not limited to, the EPA, the SWRCB, and the RWQCB-CCB, or any person acting on their behalf or in their stead.

7.05 In lieu of and notwithstanding the pro rata risk allocation which might otherwise be imposed between the PARTIES pursuant to Government Code Section 895.6, the PARTIES agree that all losses or liabilities incurred by a PARTY shall not be shared pro rata, but instead, the PARTIES agree that pursuant to the Government Code Section 895.4, each of the PARTIES hereto shall fully defend, indemnify and hold harmless each of the other PARTIES from any claim, expense or cost, damage or liability imposed for injury (as defined by Government Code Section 810.8) occurring by reason of the negligent acts or omissions or willful misconduct of the indemnifying PARTY, its officers, agents, or employees, under or in connection with or arising from any work, authority, or action taken under this Agreement, including but not limited to any non-compliance by a PARTY with its obligations under the Program NPDES Permit. No PARTY, nor any officer, Councilmember, Board member, employee or agent thereof shall be responsible for any damage or liability incurred by reason of the negligent acts or omissions or willful misconduct of the other PARTIES hereto, their officers, Councilmembers, Board members, employees or agents under or in connection with or arising from any work, authority or actions taken under this Agreement, including but not limited to any non-compliance by a PARTY with its obligations under the Program NPDES Permit.

7.06 In the event that suit shall be brought by any party to this contract, the PARTIES agree that venue shall be exclusively vested in the state courts of the County of Monterey, or, if brought in federal court, in the United States District Court handling matters arising in Monterey County. Further, the prevailing PARTY or PARTIES shall be entitled to reasonable attorney fees and costs.

3. **Voting:** Each PERMITTEE shall have one vote, provided that any PERMITTEE can call for a weighted vote on any issue. Weighting will be on a population basis, using the populations and numbers of votes shown in the attached Table. This Table may be periodically updated by formal action of the Management Committee. Updating will normally be done when updated population figures are published by the U.S. Census Bureau, or when other updated population figures are published and formally accepted by each of the PERMITTEES. Weighted voting would be conducted as follows: If a weighted vote is called, each PERMITTEE will have the number of votes shown in the table below.

Table of Populations and Votes for Use in Weighted Voting

ENTITY	APPROXIMATE POPULATION WITHIN AREA TO BE COVERED BY STORMWATER PERMIT	NUMBER OF VOTES

TOTAL	(121,111)	(61.5)

Note: One vote shall be provided for each 2,000 person increment of population, except that each entity shall have a minimum of one vote, even if its population is less than 2,000.

4. **Meeting Schedule:** Meetings will normally be held at the Program Manager's offices on the fourth Wednesday of each month, unless changed by the Management Committee.

5. **Starting Time:** Meetings will start promptly at the designated starting time. Any PARTY representative that knows he/she will be unable to attend, or will be late, will notify the Chairperson or Program Manager, so as not to delay starting the meeting.

6. Future Members: If additional entities wish to join with the other PARTIES by entering into this Agreement and participating in the Program, the PARTIES will determine an appropriate method of calculating a “buy-in” cost to be paid by the new entity wishing to become a member. This buy-in cost shall at a minimum include:

- a. The full amount the new entity would have paid, if it had entered into the “Interim Memorandum of Agreement Regarding Development of a Regional Storm Water NPDES Permit” as of July 1, 2001, and,
- b. An amount to account for the delay in making payment, calculated using the Consumer Price Index or some other method deemed appropriate by the Participants Group.

BUDGET AND COST-SHARING

Budget and Cost-Sharing

Prior to the start of each fiscal year, the Program Manager will prepare a Draft Budget and submit it to the Management Committee for its review. The Draft Budget will include a proposed approach for allocation of costs(cost-sharing) to each PERMITTEE. The Program Manager will revise the Draft Budget to address concerns and comments from the Management Committee, and the Management Committee will then approve and adopt a Final Budget for the fiscal year.

The Program Manager and the PERMITTEES recognize that the budget will be based on estimated costs, and that actual costs may differ from the budgeted amounts. If it appears that costs will exceed the budgeted amounts, the Program Manager will notify the Management Committee before incurring costs in excess of the budgeted amounts. If the Management Committee determines that it is appropriate to have the Program Manager incur additional costs above the budgeted amounts, the Program Manager will prepare a budget revision request and send it to the Management Committee to obtain the Committee's approval to increase the budget. Only after receiving the Management Committee's written approval to increase the budget will the Program Manager incur costs in excess of the budgeted amounts. If there are unspent funds left at the end of the fiscal year, the Program Manager will return to each PARTY the unspent portion of that PARTY'S payment, as described in Section 3 "Program Budget."

The Program Manager will establish a separate job-cost code in its accounting system, to which hours spent, and out-of-pocket costs directly related to, performing work as the Program Manager will be charged. The Program Manager will send quarterly reports to the Management Committee summarizing the work the Program Manager has performed during that quarter, the total costs of that work, and the portion of the cost allocated to each PERMITTEE. The portion of the cost allocated to the PERMITTEE will be calculated in accordance with the cost-sharing approach specified in the adopted Final Budget.

The costs for AGENCY's services as the Program Manager will consist of both direct and indirect costs. Direct costs are costs which can be tracked through time cards, invoices, record keeping systems, and other records that specifically allocate a cost to these services. Indirect costs are all other costs incurred by AGENCY in order to perform its duties as the Program Manager. Examples of the types of indirect costs that AGENCY is likely to incur are described below.

Indirect Costs

Indirect costs are defined as a cost item that cannot be identified specifically with a single cost objective in an economically feasible manner.

For the costs covered by this Agreement, indirect costs will be charged at 10% of all other direct costs.

The following are the types of indirect costs expected to be incurred in carrying out Program activities:

- Use of AGENCY financial and data processing system including network (hardware and software), and specific financial hardware (printers/modems) and software. Costs include depreciation as well as internal and external maintenance, service agreements, software support, and payroll processing.
- The use of supplies and/or services that are not feasible or not cost-effective to segregate, such as disposables, shared office supplies, forms, paper, and postage.
- Purchasing services including purchasing staff time seeking bids, communicating with vendors, preparing requisitions, and purchase orders.
- Use of existing office equipment (copiers, fax machines, calculators, typewriters, computers) and their related repair, supplies, and maintenance.
- Centralized telephone system and use of AGENCY cellular phones.
- AGENCY Administration building costs (use, utilities, insurance).
- Administrative services including agency-wide training programs (such as safety, sexual harassment), employee assistance program, and general office support.
- Use of upper level AGENCY staff for overall coordination, management and support of storm water permitting activities.
