Arbor Day was first observed in 1872, as a celebration of the role trees play in our lives. Trees not only provide us with oxygen, they're also used as windbreaks, fuel, building materials and shade from the hot sun. The simple act of planting a tree reflects a hope for future generations; this tree will grow and provide a habitat to local wildlife, shelter from the wind and sun, beauty, and inspiration for ourselves and our children. **Come join City of Monterey Parks Staff and celebrate Arbor Day with a tree planting at Laguna Grande Park on Saturday, April 27th from 9:00 a.m. to 12:00 p.m.** For further information, questions or to RSVP, please contact Thys Norton, Parks Supervisor at (831) 915-8250.
