## NEWS RELEASE

# Monterey Regional Compatible Use Study

***Please join us online for the second public meeting for the Monterey Regional Compatible Use Study (CUS).***

### Why should you attend?

- **Learn** about minimizing military operational impacts from military installations in your community
- **Discover** opportunities to promote compatible community planning and economic development in harmony with sustaining the military missions
- **Share** your thoughts on compatibility between the military installations and your community

**Date:** Wednesday, June 29, 2022

**Time:** 5:30 p.m. – 6:45 p.m.

**Meeting Link:** <https://www.zoomgov.com/j/1608450403>

Join us for the second public meeting to provide input on land use planning around the military installations in your community. You are invited to this public meeting to learn about and provide input on the compatibility issues that have been identified for the Study as well as to identify any issues not yet considered. Input from the community is essential to develop a plan that is responsive to and representative of local needs.

The Monterey Regional CUS is a collaborative planning effort among various regional stakeholders to identify, assess, and address compatibility issues between the military installations and the surrounding community to protect the viability of the military's existing and potential future missions and promote economic community growth that is compatible with and supportive of the installations. The Study will also evaluate ways to enhance communication and coordination among local, regional, state, and federal stakeholders.
